

FCN AWS MARKETPLACE SERVICES

FCN Inc.
Technology Solutions
A Woman-Owned Company

UNLOCK THE POWER OF AWS MARKETPLACE WITH FCN

FCN transforms AWS Marketplace products into tailored business solutions. Leveraging our extensive OEM partnerships and technical expertise, we simplify procurement and implementation while delivering customized services that precisely match your unique requirements.

WHAT WE OFFER

1. BUNDLED EXPERTISE

- Seamlessly integrate AWS Marketplace products with FCN's consulting and implementation services
- Deploy turnkey solutions optimized for speed, performance, and scalability

2. CUSTOM CLOUD SOLUTIONS

- Architect and deliver end-to-end solutions tailored to your unique needs
- Combine infrastructure, software, and services into a unified offering
- Enhance third-party tools with proprietary configurations and dedicated support

3. SIMPLIFIED PROCUREMENT & DEPLOYMENT

- Fast-track acquisition with AWS Marketplace's streamlined billing
- Accelerate access to vetted, enterprise-ready tools
- Maintain compliance and governance with ease

FEDERAL COMPLIANCE BUILT IN

All FCN solutions are engineered to meet strict federal standards, including:

- **FISMA, FedRAMP, NIST, and ITAR** compliance
- Secure and reliable deployments for government and regulated industries

CERTIFIED AWS MANAGED SERVICE PROVIDER

As a recognized AWS MSP, FCN offers:

- **Proactive Monitoring & Management**
- **Security Best Practices & Compliance Alignment**
- **Cost Optimization & Cloud Efficiency**
- **24/7 Support** from certified cloud professionals

WHY FCN?

- Deep domain expertise with ongoing managed support
- Fully compliant, scalable solutions tailored to your mission
- Simplified AWS Marketplace integration
- Faster time-to-value with ready-to-deploy packages

OUR APPROACH

We partner closely with clients to assess needs, select the right AWS Marketplace tools, and deliver end-to-end services that drive real outcomes. With FCN, you don't just adopt software—you unlock cloud success.
